

The Australian Diabetes Clinical Quality Registry

IMPORTANT NOTICE FOR PATIENTS WITH DIABETES

This Clinic is committed to excellence in patient care and voluntarily participates in The Australian Diabetes Clinical Quality Registry.

- The Registry captures clinical data and patient reported information about adults who live with diabetes.
- Collecting patient data is critical to enable quality improvement programs and deliver better care.
- Patients are encouraged to discuss their participation with their doctor or nurse.
- Patients may withdraw their participation at any time.
